Schedule 7

Protected B when completed

Complete parts A, B, C, and D of this schedule if any of the following conditions apply to you:

- You will not be deducting all of the unused registered retirement savings plan (RRSP), pooled registered pension plan (PRPP), or specified pension plan (SPP) contributions that you previously reported and are available to deduct on your 2024 return, as shown on your latest notice of assessment or reassessment, or Form T1028, Your RRSP, HBP, LLP or FHSA Information for 2024
- You will not be deducting all of the RRSP, PRPP, or SPP contributions you made from March 1, 2024, to March 3, 2025, on your 2024 return
- You have transferred to your RRSP, PRPP, or SPP certain amounts that you included in your income for 2024
- You are designating contributions made to your RRSP, PRPP, or SPP as a 2024 repayment under the Home Buyers' Plan (HBP) or the Lifelong Learning Plan (LLP)
- You want to claim the full amount of RRSP, PRPP, or SPP contributions you made (including any unused RRSP, PRPP, or SPP contributions) on line 20800 of your return and you reported employer PRPP contributions on line 20810 of your return

Complete Part E if you withdrew funds from your RRSP in 2024 under the HBP or the LLP.

Complete Part F if you will be the beneficiary of income that was contributed to an amateur athlete trust in 2024 and you want that income to be used to calculate your RRSP deduction limit.

If none of the situations for parts A to F above apply to you, do not complete this schedule. Instead, enter your total contributions made to your RRSP, PRPP, or SPP, or your spouse's or common-law partner's RRSP or SPP, for 2024 on line 20800 of your return.

Attach a copy of this schedule to your paper return. Also attach your official receipts for all amounts that you contributed to an RRSP, PRPP, or SPP from March 1, 2024, to March 3, 2025, including those you are not deducting on your 2024 return and those you are designating as HBP or LLP repayments.

Generally, your SPP and PRPP contributions are subject to the same rules as RRSP contributions and should be included on this schedule.

For more information, see Guide T4040, RRSPs and Other Registered Plans for Retirement.

#### Part A - RRSP, PRPP, and SPP contributions

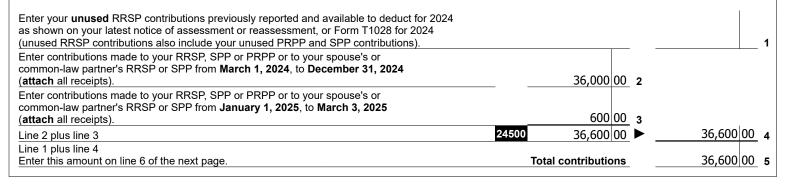

Complete this part to calculate your total contributions.

Enter, on lines 2 and 3 below, all contributions you made for the dates specified even if you are not designating or deducting them on your 2024 return. Otherwise, the Canada Revenue Agency may reduce or disallow your claim for these contributions on your return for a future year.

Include on lines 2 and 3 amounts transferred to your RRSP, PRPP, or SPP (also see line 24640 in Part C) and contributions you are designating as a repayment under the HBP or the LLP (Part B).

Do not include any of the following amounts on lines 2 and 3:

- unused RRSP, PRPP, or SPP contributions you made after February 29, 2024, that were refunded to you or your spouse or common-law partner in 2024
- all or part of the contributions you made to your RRSP or an RRSP for your spouse or common-law partner less than 90 days before either of you withdrew funds from that RRSP under the HBP or the LLP. For more information, go to canada.ca/home-buyers-plan or canada.ca/lifelong-learning-plan
- your employer's contributions to your PRPP as reported on line 20810 of your return
- any payment directly transferred to your RRSP, PRPP, or SPP if you did not receive an information slip or if it is shown in box 35 of your T4RSP or T4RIF slips
- the part of an RRSP withdrawal that you recontributed to your RRSP and deducted on line 23200 of your return. This would have happened if you withdrew more RRSP funds than necessary in error to get past service benefits under a registered pension plan (RPP)
- the excess part of a direct transfer of a lump-sum payment from your RPP to an RRSP, a PRPP, or a registered retirement income fund (RRIF) that you withdrew and are including on line 12900 or line 13000 and deducting on line 23200 of your 2024 return
- contributions made from exempt earnings (see Form RC383, Tax-Exempt Earned Income and Contributions for a Pooled Registered Pension Plan)

5000-S7 E (24)

#### Part B - Repayments under the HBP and the LLP

If you withdrew funds from your RRSP under the HBP before 2022 or under the LLP before 2023, you may have to make a repayment to your RRSP, PRPP, or SPP for 2024. Your 2024 minimum required repayment is shown on your latest notice of assessment or reassessment, or Form T1028 for 2024.

For first withdrawals of HBP between January 1, 2022 and December 31, 2025, the start of the repayment period has been deferred by an additional three years. For example, if you made your first withdrawal in 2022, your first year of repayment will be 2027.

Complete lines 7 and 8 below if you are designating contributions made from January 1, 2024, to March 3, 2025, to your own RRSP, PRPP, or SPP as a 2024 repayment under the HBP or the LLP. If you designate less than the minimum required repayment amount for 2024, report the difference on line 12900 of your return.

Do **not** include **any** of the following amounts on lines 7 and 8:

- any amount you deducted or designated on your 2023 return as a repayment or that was refunded to you
- any contributions or transfers you will be including on line 15 or line 18 in Part C

If you are not required to make a repayment under the HBP or the LLP, enter "0" on line 9 and continue at line 10.

For repayment information for the HBP, go to canada.ca/home-buyers-plan.

For repayment information for the LLP, go to canada.ca/lifelong-learning-plan.

Note: You may not have reported income that you received in a previous year on your return for that year. To ensure your RRSP deduction limit is up to date and maximized, file your return for that year and report the income.

If you transferred certain types of this income to your RRSP, PRPP, or SPP on or before March 3, 2025, you can claim the same amount on line 24640 as a transfer. Claiming the transfer ensures that your RRSP deduction limit is not reduced by that amount. For more information about amounts you can transfer, see Guide T4040.

# Canada Pension Plan Contributions and Overpayment

Schedule 8

Protected B when completed

The Canada Pension Plan (CPP) was amended to provide for the enhancement of pensions. The enhancements are funded by additional contributions that began in January 2019.

As of January 2024, a second additional CPP contribution is required on pensionable earnings that are **more than** the year's maximum pensionable earnings but **not more than** the year's additional maximum pensionable earnings.

CPP contributions consist of a base amount, first additional amount, and second additional amount. The contributions that you are required to make are determined by your total amount of pensionable earnings for the year.

Your employer will have already deducted the contributions from your salary or wages. As a self-employed individual, you will calculate your required contributions (if any), including the base, first and second additional amounts, on this schedule.

For more information about the enhancements, go to canada.ca/cpp-enhancement.

For more information about lines 22200, 22215, 30800, and 31000, go to canada.ca/fed-tax-information.

#### Find out if this schedule is for you

Complete this schedule to calculate your required 2024 CPP contributions and overpayment if both of the following apply:

- You were a resident of a province or territory other than Quebec on December 31, 2024
- You have no earned income from the province of Quebec

Attach a copy of this schedule to your paper return.

Do **not** complete this schedule if any of your T4 slips show Quebec Pension Plan (QPP) contributions. Instead, complete Form RC381, Inter-Provincial Calculation for CPP and QPP Contributions and Overpayments.

#### Parts you have to complete

- Part 1 Complete this part if you are:
  - electing to stop contributing to the CPP
  - revoking a prior election

If not, leave it blank.

- Part 2 Complete this part to determine the number of months to use for your calculations in Parts 3 to 5 (whichever apply to you).
- Part 3 Complete this part if you are reporting employment income. If not, leave it blank.
- Part 4 Complete this part if you are reporting only self-employment income or other earnings you are electing to pay CPP contributions on. If not, leave it blank.
- Part 5 Complete this part if you are reporting **both**:
  - employment income (complete Part 3 first)
  - self-employment income or other earnings that you are electing to pay CPP contributions on

If not, leave it blank.

#### Part 1 – Election to stop contributing to the CPP or revocation of a prior election

You were considered a CPP working beneficiary and were required to make CPP contributions in 2024 if you met all of the following conditions:

- You were 60 to 70 years of age
- You received a CPP or QPP retirement pension
- You had employment income or self-employment income or both

However, if you were at least 65 years of age, but under 70 years of age, you can elect to stop paying CPP contributions.

#### **Employment income**

If you had employment income for 2024 and elected in 2024 to stop paying CPP contributions or revoked in 2024 an election made in a previous year, you should have already completed and sent Form CPT30, Election to Stop Contributing to the Canada Pension Plan or Revocation of a Prior Election, to the Canada Revenue Agency (CRA) and your employer(s).

#### Self-employment income only

If you had **only** self-employment income for 2024 and are electing in 2024 to **stop** paying CPP contributions on your self-employment earnings, enter the month in 2024 that you are choosing to start this election on line 50372 below. The date **cannot** be earlier than the month you turned 65 years of age and received a CPP or QPP retirement pension. For example, if you turned 65 in June, you can choose any month from June to December. If you choose the month of June, enter "06" on line 50372.

If, in 2024, you are **revoking** an election made in a previous year on contributions on self-employment earnings, enter the month in 2024 that you are choosing to revoke this election on line 50374 below. Your election remains valid until you revoke it or turn 70 years of age. If you start receiving employment income (other than employment income earned in Quebec) in a future year, you will need to complete Form CPT30 in that year for your election to remain valid.

#### **Employment and self-employment income**

If you had **both** employment income and self-employment income in 2024 and wanted to elect to **stop** paying CPP contributions in 2024 or **revoke**, in 2024, an election made in a previous year, you should have completed Form CPT30 in 2024. An election made using Form CPT30 applies to all income from pensionable earnings, including self-employment earnings, as of the first day of the month after the date you gave this form to your employer.

If you completed and sent Form CPT30 when you became employed in 2024, but your intent was to elect in 2024 to stop paying CPP contributions or revoke an election made in a previous year on your self-employment income before you became employed, enter the month you want to stop paying CPP contributions on line 50372.

If you want to revoke, in 2024, an election made in a previous year, enter the month that you want to resume contributing to the CPP on line 50374. If you did **not** complete and send Form CPT30 for 2024 when you became employed, you **cannot** elect to stop paying CPP contributions or revoke an election made in a previous year on your self-employment earnings for 2024 on this schedule.

#### **Election or revocation**

If you had self-employment income in 2024, an election or a revocation that begins in 2024 must be made on or before June 15, 2026, to be valid.

I elect to <b>stop</b> contributing to the CPP on my self-employment earnings on the first day of the month entered on line 50372.	0372	Month
I want to <b>revoke</b> an election made in a previous year to stop contributing to the CPP on my self-employment earnings and resume contributing to the CPP on the first day of the month entered on line 50374.	0374	Month

The Canada training credit is a refundable tax credit designed to provide financial assistance to cover up to half of the tuition and other eligible expenses associated with training.

The amount that may be claimed for a taxation year is equal to the lesser of:

- half of the tuition and other eligible expenses paid for the taxation year; and
- the balance of the individual's Canada training credit limit for the taxation year (based on the amounts used and accumulated in respect of previous years).

#### To accumulate an amount of \$250 corresponding to the Canada training credit limit for 2025, an individual must:

- file a tax return for the year;
- be at least 25 years old and less than 65 years old at the end of the year;
- be resident in Canada throughout the year;
- have earnings (including income from an office or employment, self-employment income, Maternity and Parental Employment Insurance benefits paid under the *Act respecting parental insurance*, the taxable part of scholarship income, and the tax-exempt part of earnings of status Indians and emergency service volunteers) of \$11,511.00 or more in the year; and
- have individual net income for the preceding year that does not exceed the top of the third tax bracket for the preceding year.

The taxpayer's account balance will be communicated to them each year in their Notice of Assessment and will be available through the Canada Revenue Agency's My Account portal.

Individuals will be able to accumulate up to a maximum amount of \$5,000 over a lifetime. Any unused balance will expire at the end of the year in which an individual turns 65.

## **Goods and Services Tax Credit**

(for review and reference only)

The Canada Revenue Agency (CRA) will reserve the right to determine the eligibility for this credit. In the case of spouses or common-law partners, the taxpayer whose return will be assessed first by the CRA will receive the GST/HST credit.

The program calculates the GST/HST credit in the return of the taxpayer for whom this credit has been claimed in the previous year. Note that the return in which the credit is calculated will have no impact on the allocation of the credit, because the CRA will determine to whom it will be paid.
